**Saturday 9/8**  
Long distance  
Rossagøta

**Sunday 10/8**  
Middle distance  
Rossagøta

**NATLOC** is a 4-days event. Participants will spend 4 days in three different terrains running four different disciplines. The participants collect points each day - the winner gets the most points. When all the event days are over, we will announce a winner in each class.

**Transportation** - distance to the different events are kept on a minimum so a car is hardly needed.

**Accommodation** - we are working on arranging cheap accommodation for participants on a floor. Other arrangements can be found on our website.

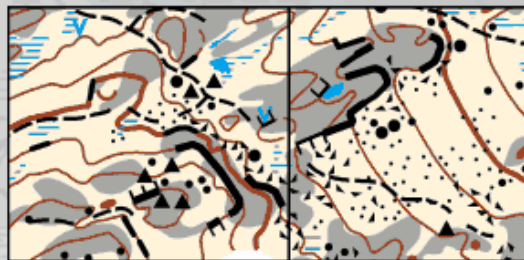

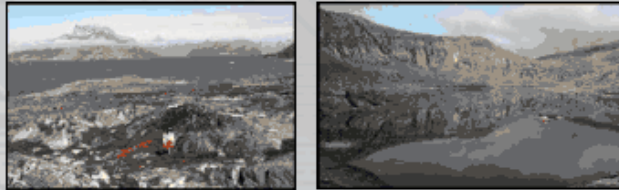

**We recommend** that you spend some time as a tourist as well. We have everything from café and bar life to the wildest nature. Take a closer look by finding links through our website.
